P r e s e n t :-

Sir K. P. Puttanna Chetty,

Mr. B. K. Garudachar,

Mr. G. Paramasiviah.

Inspected the wards and found them well kept - neat and tidy. In-patients well looked after. The medical officer in charge takes a personal interest in every case and is kind and considerate to the poor and illiterate who come from villages. The percentage of patients from within the state is increasing. The number of out-patients is largely on the increase - ranging between 400 and 450 a day. The nursing and dressing staff and attendants are not enough. A small increase is urgently called for, to cope with the increasing number of out-patients. The system of expeditious disposal of patients as soon as they come in is commendable.

Sd/ K. P. Puttanna Chetty,

C O N V E N O R.

Med 22-27-24

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.31'1-Med. dated 17th Se 1927, calling for proposals for raising the Nursing and Dressing of the Minto Ophthalmic Hospital, I have the honour to state t , like the patients admitted into the other hospitals for general c eases, the patients of this hospital do not need constant nursin as much as they are usually hale and hearty in other respects, t patients in other hospitals require careful nursing which constit an important part of the treatment.

The existing three staff Nurses will be quite able to loo after the Nursing of the in-patients, with the help of the traine Ward attendants of whom there are 16 for an institution with an average of 104 in-patients a day. There is, however, a need for t appointment of a Head Nurse to supervise the work of the other Nurses and Ward Establishment. This will relieve the Resident Medical Offic of a part of his responsibilities and leave him more time to devo work of a professional nature, to his own advantage and to the a of the patients of the Hospital. As the pay of the Staff Nurses Hospital is Rs.25-1-35,, with the usual ration and uniform allowanc Rs.10 and Rs.2½ allowed in the case of Indians, I propose that t of pay of the Head Nurse be fixed at Rs.55-5/3-77 (the scale of the ordinary staff Nurses of the Victoria and the Krishnarajen pitals), with a ration allowance of Rs.20 and a uniform allo Rs.2½ per mensem. I have proposed a ration allowance of Rs.2 my intention to select an Anglo-Indian for the post for t an Indian Head Nurse will be able to maintain discipline a The required amount of respect from the junior nurses and w this pay by the Anglo-Indian Nurses. Calculated on the
